New students will learn the basics of making prints from lino cuts and dripoint plates. As they master these skills we will introduce more techniques, like collagraphs. Students with printmaking experience can extend this by learning to add more layers to their work.

**All basic materials and equipment will be supplied. This includes inks, tools, lino, paper and dripoint plates.**

**We recommend that students bring gloves and aprons, and students must wear covered footwear for the classes.**

**90 Goodchap Street, Noosaville, (upstairs, opposite childcare centre)
