1. Abandonment of the Event: Should the Event be abandoned for whatever reason prior to the quarterfinals, no prize money or trophies will be awarded. Entry fees will not be refunded unless the Event is abandoned prior to its scheduled commencement, in which case an administration fee of no more than \$50 may be retained.

2. Acceptance of Entries: The Bend Motorsport Park reserves the right to refuse any competitor's entry to its events. Similarly, the venue reserves the right to refuse any competitor's entry to events which may be conducted at The Bend Motorsport Park by external/third-party promoters. No reason need be given. [Also refer Item 42: Non-Acceptance of Entries].

3. Animals: Except for designated guide/assistance dogs no pets or other animals are permitted at The Bend Motorsport Park during any motorsport Event. The animal and the animal handler/owner will be subject to immediate removal from The Bend Motorsport Park.

4. Bracket/Class Eligibility: Should the minimum number of entrants for a competition bracket, as required by ANDRA championship regulations, not be available at the close of entries for an Event, or at the commencement of qualifying, the bracket will be cancelled. The Bend Motorsport Park reserves the right to combine brackets or allow those affected to nominate another bracket for which the vehicle is eligible. All competing vehicles must conform to relevant ANDRA class and minimum requirements.

5. Braking Area and Turnaround Area Priority:

Vehicles in the driver's left-hand (western) lane have priority when approaching and turning into the turnaround area unless otherwise directed by a track official in the braking area.

Vehicles in the driver's right-hand (eastern) lane must not turn across their opponent's path when approaching or entering the turnaround area unless directed to do so by a track official in the braking area.

6. Breakages on Track: Any competitor suffering a breakage, suspected equipment failure or fuel/oil discharge while on a run must move to the outside of their lane (near the safety barrier) and stop as quickly as possible to minimise track damage and subsequent delays to an Event schedule. Competitors must obey all officials' instructions regarding track exit, especially those officials manning the finish line exit gates.

7. Broken Vehicles: Racers must promptly advise their Bracket Marshal if their vehicle is broken. Broken vehicles will be removed from qualifying lists only up to 30-minutes after the end of qualifying. Once brackets are seeded and racers notified brackets will not be reseeded.

All other eliminators are restricted to one across-the-start line burnout. This includes over-staging (putting out the stage beam). Physical contact with, including holding or leaning against, a race vehicle by crew members or others during burnouts is prohibited and will result in disqualification of the run.

b) **Test runs/Test launches:** Anyone caught doing test runs or test launches or using/travelling at excessive speed anywhere other than on the designated racing surface will be disqualified from the Event and may be fined up to \$500 by The Bend Motorsport Park in addition to any penalty imposed by ANDRA or IHRA Australia. Also refer to any ANDRA Penalty Sheet. If fined all racing privileges will be suspended until full settlement of the penalty or penalties.

A refund for the entry fee received, less an administration fee of no more than \$40, will be issued. The remaining balance will be refunded to the nominated account. Further penalties including disqualification and/or periodic bans may be applied. Every effort possible will be made to accommodate specific pit allocation requests but may not be possible due to limitations of the pit/paddock area and available spaces. Requests from competitors from different competition Brackets for shared or adjacent pit spaces will result with the higher order Bracket moving to the lower order Bracket's pit/paddock area unless the lower order race and tender vehicles can fit within the higher order vehicle's pit space(s).

47. Pit/Paddock Incident/Accident: If an incident or accident occurs in the pit/paddock area and a SA state ambulance is called via "000" by a competitor, crew member or member of the public, the Bend Motorsport Park must be notified immediately. Dedicated tow vehicles or dedicated crew transport vehicles must meet basic roadworthiness conditions (i.e. must have operational headlights, taillights, brakes and an audible warning device) and must only be driven/ridden by those with a current civil driver's licence. Except in the case of Utes or pick-ups, where adult crew may ride when seated within the open-aired tray – but with the tailgate closed – the vehicle manufacturer's original seating capacity of a vehicle cannot be exceeded at any time. Crew transport vehicles are not permitted to be driven into public or pedestrian areas along the top of the east or west spectator viewing areas.

50. Prize Money: Prize money will be paid into a nominated bank account. Prize money for a round of racing will only be paid if a vehicle does a burnout or enters stage under its own power or at the Bend Motorsport Park discretion. Prize money unclaimed for a period exceeding 6 months will be forfeited. The Bend Motorsport Park does not retain bank account details.

51. Public Relations: By signing the entry form the entrant and driver/rider agree to make themselves available for media access, promotional or public relations activities relevant to the meeting given reasonable notice, and further agree to the use of photographic or digital images or video or film footage of themselves or their vehicles from the Event by the Bend Motorsport Park or by media outlets for the purposes of Event coverage or promotion.

52. Qualifying: Qualifying for all eliminators will be by allocated sessions. Competitors should note that start line officials may give instructions as to which lane is to be used during qualifying. During qualifying the staging lanes are deemed to be closed for an eliminator's session at the advertised start time. Once a vehicle has started and moved into the starter's hands (i.e. started when called upon and moved towards the start forward of the control tower) it is deemed to have completed the qualifying run. All qualifying passes are to be paired runs except in the case of uneven numbers in an eliminator or if the Group 1 lane allocation system is in use. All competitors are to ensure they are in the staging lanes no later than five minutes before their scheduled session. In the event of a tie for top qualifier's position on elapsed times the vehicle achieving the time first will be awarded the top qualifier's position.

53. Return Road Usage: All vehicles must leave the racing surface via one of the return road loops. Competitors should ensure their vehicle has enough momentum to exit the track surface. Junior Dragsters should take the first loop past the quarter-mile finish line on the left. Junior Dragsters may not be driven (under their own power) anywhere except on the racing surface and in a southern direction along the return road to the marker from where they will be towed back to their allocated pit/paddock area.

54. Scrutineering: The Bend Motorsport Park operates under the ANDRA or IHRA Australia Competitor Audit Declaration (CAD). It is a condition of entry that competitors accept this program in its entirety. Only those race vehicles chosen at random will undergo an inspection. The Bend Motorsport Park makes no representation, warranties, or assurances that the inspection including the review of any written information will:

- a) Detect any problem with a race vehicle or a driver's/rider's personal equipment or clothing
- b) Detect any problem with rule compliance, or
- c) Prevent injury, death, or property damage.

The competitor agrees that the competitor always bears the ultimate responsibility to ensure the safety of his/her race vehicle and to ensure that they comply with all applicable ANDRA or IHRA Australia Rules and Regulations. The competitor also agrees that it is the competitor who is in the best position to know about the construction and operation of their race vehicle, equipment, and clothing, and whether there has been compliance with all applicable ANDRA or IHRA Australia Rules and Regulations. Each vehicle required to report to scrutineering should be race-ready with ANDRA or IHRA Australia licence, logbook, packed parachutes, helmet, fire suit and other equipment as required under ANDRA or IHRA Australia Rules and Regulations. Note that when requested parachute operation must be tested.

55. Speed Limits: All competitors and their tender vehicles are required to observe a 20km/h maximum speed limit on the return road and 10km/h in the pit/paddock area at the Bend Motorsport Park. Neither a race vehicle nor a towing vehicle has right of way over a spectator or other pedestrian person.

56. Sponsor Graphics/Advertising Restrictions: The Bend Motorsport Park reserves the right to regulate any advertising or other material appearing on any participant and on the body of any vehicle or transporter participating in The Bend Motorsport Park Events. Participants and vehicles may be excluded from competition and from Event facilities if, at the Bend Motorsport Park management's discretion, any advertising or other material displayed on a person, race, or support vehicle, or in a pit/paddock area, or otherwise, is not in the best interests of The Bend Motorsport Park and the sport of Drag Racing.

57. Start Line: Competitors and crew must obey all instructions given them by the starter. Failure to obey any such instruction may result in disqualification or the starting sequence to be activated, regardless of whether they are in stage. This includes competitors who have failed to complete staging in a "burn-down" situation. All crew must retire to and remain behind the starter and to either side of the race vehicle or the adjacent trackside barrier after the burnout and back-up procedures have been completed. Only the approved number of crew members per race vehicle may attend a race vehicle once it is forward of the control tower. All other crew members not associated with the race vehicles in front of the tower must retreat behind the control tower. The Bend Motorsport Park provides a large LED Screen on the back of the tower for you to see what is happening on track. The ANDRA or IHRA Australia-approved maximum crew member limitations [maximum crew including driver/rider] will be strictly enforced.

Refusal to retreat from the start line area as instructed by a Bend Motorsport Park official or ANDRA or IHRA Australia steward may result in disqualification of a qualifying or elimination round or a team's disqualification from the Event.

58. Starting and Staging: Race vehicles must not be started with a tender vehicle in front. Once a vehicle has started when called upon and moved towards the start forward of the control tower it shall be deemed to be in the hands of the starter. Once a vehicle has proceeded into stage (stage light lit) the driver/rider cannot back out of stage unless so instructed by the starter. Reverse staging is not permitted. Touching the vehicle when in full stage is grounds for immediate disqualification.

59. The Bend Motorsport Park Track Pass: Where issued, a The Bend Motorsport Park Track Pass permits a cardholder and their vehicle to enter the venue. No further access is granted or implied. A Track Pass does not entitle the cardholder to enter any Restricted Area. A Track Pass may entitle the cardholder and a specified number of guests, for example: "Cardholder plus one" or "All in Vehicle". If a Track Pass permits "Cardholder plus one" or "All in Vehicle" then this applies only at the time the cardholder and vehicle first arrive at the venue. It does not permit multiple entries involving different passengers. The cardholder must decide with his or her guests beforehand to ensure they can all arrive together. **Single-day Events:** Once only on first arrival. **Multi-day Events:** Once only per day on first arrival.

60. Towing Vehicles: Each entrant will receive two car passes for access to the paddock area, except Super Street and Modified Bike entries, which will receive one. Towing vehicles must clearly display the team's race number and competition class designation on the windscreen on the passenger's side. Towing vehicles must not be left unattended without the authorised/designated driver at any time while in the staging lanes or anywhere forward of that point including the control tower tunnels, holding area, return road and turnaround area. When directed by a track official, towing vehicles must leave the holding area adjacent to the start line immediately. No tow vehicle may stop on the return road to collect crew or passengers. All tow vehicles must proceed down the return road, to the turnaround area, connect to the race vehicle as quickly as practicable and return along the return road to the pit/paddock. The return road may be under the control of a track official and all directions must be complied with. No tow vehicles are permitted for Super Street. No tow vehicle may tow more than one race vehicle at a time, except in Junior Dragster where suitable towing equipment may be used to tow up to two race vehicles. All crew in tow vehicles must be seated inside the vehicle's cabin or, if in the back of a Ute, pick-up or wagon, must be seated within the vehicle's tray area. Crew members must not be seated or ride on a vehicle's open tailgate. Children and others without wristbands must remain fully inside the enclosed cabin of an authorised tow vehicle for the entire time the vehicle is in the staging lanes and anywhere forward of the control tower including the return road and turnaround area. Breaches may result in the team's disqualification from the Event and for an indefinite period thereafter. Towing vehicles, pit/paddock vehicles or crew transport vehicles are not permitted to be driven into public or pedestrian areas along the top of the east or west bank spectator areas.

61. Track Records: Track records for elapsed time and speed can be set at rounds of the Track Championship Series and at National Open events and above run either by The Bend Motorsport Park or an external third-party promoter. Track records cannot be set at Test and Tune or private hire events. A vehicle must be legitimately classified by ANDRA or IHRA Australia for the relevant class to claim a new record. If the vehicle is not classified for the relevant class, the claimed record will not be recognised. Track records can be set in qualifying, eliminations or Chicago Shootout format competition. If a competitor believes they have set a track record they must present the vehicle immediately to Scrutineering, before returning to their pit area, for the claimed record to be considered. If an existing record is broken, then equalled by another competitor at the same event, the competitor who first eclipsed the existing track record will be deemed the new record holder. No back-up is required. Track record listings will be updated following the conclusion of the event and certificates will be issued to those who have reset an ET or speed record.

62. Traction Compounds: The use of traction compounds of any description by competitors is prohibited.

63. Uniforms and Team Presentation: All racing/tow vehicles are required to be of neat appearance. The Bend Motorsport Park management reserves the right to refuse entry of any vehicle which is deemed to be of an unacceptable standard of presentation. All personnel associated with a race team are required to be in a uniform of neat appearance if they are to participate in start line procedures.
